

Using Oliver at BGHS

You can access Oliver from the library website. <https://www.rbsclibrary.com/>

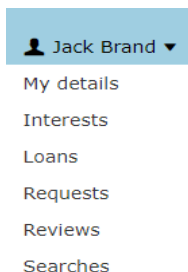

We recommend you bookmark or Favourite the library website as it is a one-stop shop for user guides and research, not only with Oliver but with databases and selected websites.

In Oliver, login at right side of screen.

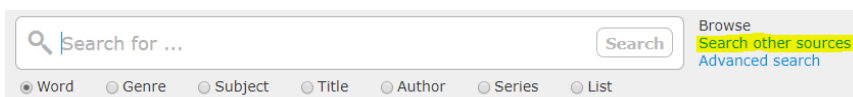

When logged in, you can renew loans, submit book reviews and request items.

Searching

This is the Oliver search bar

Note the various options beneath the search field to refine your search. You can also use the Advanced Search option.

Search other sources

If you want to search beyond the school library, use *search other sources*. You will see this.

Note: this search goes beyond our library and includes our databases. These are available to all students at RBSC. The Britannica School (secondary) option is particularly useful. If you want to know more about our databases, find them in eresources on our website (password to access page – liblearn).

Please speak to your librarian if you have any questions.
